

The May flowers are blooming! Here are a few to add to your shopping list (be sure to use the botanic name for your list). As always, we will have more at the sale than on this early list. See you Sunday, May 5th!

April 26, 2024

Oenothera lindheimeri
(was *Gaura*) 'Belleza
White'

White Gaura

Very showy blooms
sway in the breeze

IMAGE: K .Gray

Conoclinium dissectum
(was *greggii*)

**Gregg's Blue Mist-
flower**

All butterflies love
these irresistible flow-
ers.

IMAGE: Patrick Alexander

Scutellaria suffrutescens
Pink Skullcap

Loves heat, drought,
and blooms all sum-
mer.

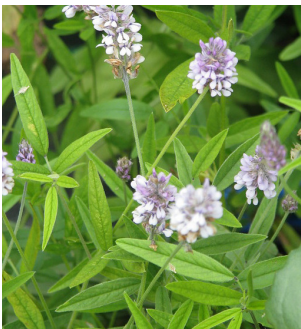

IMAGE: Nalani Jay, North Central Texas
Council of Governments

Hibiscus coccineus
**Scarlet Rosemallow
or Texas Star Hibis-
cus**

Loves water and
heat. Very showy.

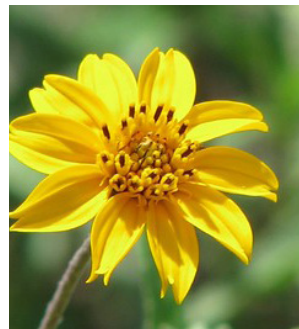

IMAGE: K .Gray

Orbexilum
pedunculatum
**Sampson's Snake-
root**

Wonderful addition
to planters in shady
areas. Appreciates
amended soil.

IMAGE: peganum via flickr

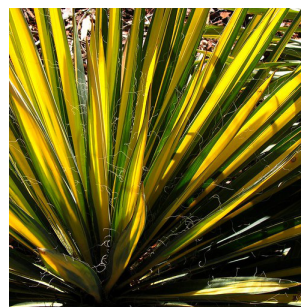

Wedelia acapulcensis
var. *hispidula*

Zexmenia

Reliable summer
bloomer in heat and
drought.

IMAGE: Arthur T LaBar via Flickr

Yucca filamentosa cultivar
Color Guard Yucca

Drought resistant, cold
tolerant, bright color
year-round: what is not
to like?

IMAGE: JR P via flickr

Agave ovatifolia
Whale's Tongue Agave

Roseann grew this
cold-hardy agave from
seed she gathered (with
permission) from a resi-
dence in Dallas.

IMAGE: Raul Ernesto

ALPHABETICAL BY PLANT GROUP**

Use botanic name to make your list. Some plants available in very limited quantities

Sun Req.	Tx=Tx native X=Not	Common Name	Botanic Name	Height	Plant Group	Plant Type	Host / Nectar	Pollinators Attracted & Comments
Hot sun	X-Mex	Whale's Tongue Agave	<i>Agave ovatifolia</i>	3'	Agave, Cacti, and Yucca	Evergreen		Cold hardy to USDA zone 7a
